Developed by Relic Entertainment, Warhammer: Dawn of War II ushers in a new chapter in the RTS series -taking players to the frontlines of war to lead an elite strike force on a mission to save the Galaxy.

It's the 41st Millennium in the Sub-Sector Aurelia where a battle of epic proportions is about to commence. Ancient races will clash across the planets that dot this section of space, battling for the greatest of stakes -not only the claim to the land and its bounty- but the fate of each race.

With a focus on fast-action RTS gameplay, Dawn of War II brings to life the science fiction universe of Warhammer 40,000.
