

Shrek Forever After. New Scene

Release Date: May 21, 2010

April 21, 2010 - 13:36

After all of his adventures, Shrek has become a domesticated family ogre. Instead of scaring villagers away as he used to, Shrek agrees to autograph pitchforks. Longing for the days when he felt like a "real ogre", Shrek is tricked into signing a pact with the smooth-talking deal maker, Rumpelstiltskin.

Shrek couldn't resist the offer; all he wanted was a day off to relax, to be a real ogre again, and Rumpelstiltskin said he would give Shrek one day where none of his adventures had ever happened and everything would be like it was before, and all Shrek had to trade him to get a day off was one day from his own life.

Then Rumpelstiltskin tricked Shrek and the day he took out of Shrek's life was the day that he was born-meaning that (since Shrek was never born) he never existed, thus creating a time paradox.
