

Watchmen. A Film Plenty of Action

From the 300 Movie Director. Intensive VFXs. In Theaters on March 6, 2009

December 31, 2008 - 18:16

A complex, multi-layered mystery adventure, the film is set in an alternate 1985 America in which costumed superheroes are part of the fabric of everyday society, and the "Doomsday Clock" -which charts the USA's tension with the Soviet Union- is permanently set at five minutes to midnight. When one of his former colleagues is murdered, the washed-up but no less determined masked vigilante Rorschach sets out to uncover a plot to kill and discredit all past and present superheroes. As he reconnects with his former crime-fighting legion -a ragtag group of retired superheroes, only one of whom has true powers- Rorschach glimpses a wide-ranging and disturbing conspiracy with links to their shared past and catastrophic consequences for the future. Their mission is to watch over humanity ... but who is watching the Watchmen?
