Columbia Pictures' and Sony Pictures Animation's Cloudy with a Chance of Meatballs will be the most delicious event since macaroni met cheese. Inspired by the beloved children's book, the film focuses on a town where food falls from the sky like rain.

Original Book Plot: It describes the town of Chewandswallow, where the weather comes three times a day, at breakfast, lunch, and dinner, and is always food and beverages. The rain is juice and soup, the snow is mashed potatoes, and the wind brings hamburgers. However, when floods and storms of food come -creating dilemmas such as the school getting smothered beneath a giant pancake, forcing it to close, a ketchup tornado, and giant meatballs crushing the town- the town must do something to survive.
