Megamind is the most brilliant supervillain the world has ever known. And the least successful. Over the years, he has tried to conquer Metro City in every imaginable way. Each attempt, a colossal failure thanks to the caped superhero known as "Metro Man", an invincible hero until the day Megamind actually kills him in the throes of one of his botched evil plans.

Suddenly, Megamind has no purpose. A super villain without a superhero. He realizes that achieving his life's ambition is the worst thing that ever happened to him. Megamind decides that the only way out of his rut is to create a new hero opponent called "Titan", who promises to be bigger, better and stronger than Metro Man ever was. Pretty quickly Titan starts to think it is much more fun to be a villain than a good guy. Except Titan doesn't just want to rule the world, he wants to destroy it. Megamind then seeks to destroy Titan, beginning a path to redemption in the process.div.overlay { width:1040px; height:512px; } #imgplay { margin:50px 0px 0px 190px; } #player { background:no-repeat url('/videos/news/2010/may/megamind.jpg') top center; } #splash, #player, #player embed, #player object { width:560px; height:264px; }
